About Emerald Publishing

Emerald Publishing was founded in 1967 to champion new ideas that would advance the research and practice of business and management. Today, we continue to nurture fresh thinking in applied fields where we feel we can make a real difference, now also including health and social care, education and engineering.

We publish over 300 journals, more than 2,500 books and over 1,500 case studies. Our priority is to build long-term relationships with a global community of authors, teachers and librarians who want to find, share and apply research that matters.
