Cambridge Journals - High Impact Journals
Cambridge Core
Cambridge Core platform

Cambridge Core is our dedicated home for academic content, bringing both books and journals onto one platform

Cambridge Core houses all our content; journals, books, Elements, Companions, Histories, Journal Archive and provides a home for open access titles to be readily available online

In-house development ensures Cambridge Core can provide a home for future publishing, whilst adapting to changing researcher needs
Cambridge Core – Homepage
A clean, modern design with a focus on content search

Browse by subjects

View by products

Prominent search and browse options

Links to dedicated areas for librarians, authors, and publishing partners
Cambridge Core – Subject Hubs
Grouping content together by subject, across books, journals and collections

- Search within subject area across content types
- View books and journals list in the subject
- View featured and new titles in the subject
- View book series in the subject
- Links to subject news, events or social media
Cambridge Core – Search Results

Sort by relevance, title, publication date

Refine search by editing original terms

Filter by access, content type, Author name, publication date, etc

View whether you have access to content

Use the tick-boxes to select specific content
View content requests from users in your organization.
