Nos astuces pour optimiser la performance de *Policy Commons*

Options de recherche

Nous prenons en charge la troncature des caractères générique à l'aide astérisques en fin de mot

La recherche de proximité vous permet de retrouver les publications dont les mots sont séparés par une certaine distance dans le texte. Notre opérateur NEAR par défaut est fixé à 15 mots ; ou vous pouvez préciser la distance maximale

The screenshot shows the Policy Commons search interface. At the top, there is a navigation bar with the Policy Commons logo, links for Organizations, Publications, Topics, and Tables, and a COHERENT DIGITAL logo. A search bar contains the text "Homeless*" and an "Advanced Search" link. Below the search bar, the results for "Search for *Homeless**" are displayed, showing "Over 10,000 results — consider refining your search". A "Follow" button and "Show: 10 results" are visible. On the left, there is a "Discover" section with a "new" badge and a link to "Publications with tables". Below that, a "Content" section lists "Publications" (23,603), "Tables" (1,438), "Organizations" (24), and "Topics" (4). The main content area shows a result titled "A tech revolution for the homeless" by AEI, dated 11 April 2016, in English. The snippet of the article text is: "I propose equipping *homeless* individuals with free smartphones and service plans in exchange for providing daily information on themselves through a specialized app— including their sleeping locations, ... This information could transform how we understand and confront *homelessness*. ...". Below the snippet, there is a PDF icon and the filename "Tech_rev_homeless.pdf".

COVID-19

The COVID-19 pandemic, also known as the coronavirus pandemic, is an ongoing pandemic of coronavirus disease 2019 (COVID-19), caused by severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2). The outbreak was first identified in Wuhan, China, in December 2019. The World Health Organization declared the outbreak a Public Health Emergency of International Concern on 30 January, and a pandemic on 11 March.
